Description

Initiated 2013-10-15 Norway

Problem:

This is a discrepancy between norwegian and national version and common NordDRG.

Procedure: ABSD40 'Implantation of spinal injection device'

PROCPR: Common version NordDRG 2013

01S02 'Spinal procedure' has been missing in NordDRG Norwegian 2013.

Norway prefers no change to the property. This must be discussed in the expert group, since the property is common. If correct it should be removed from all versions. It was removed separately from Norwegian version for 2014.
