Hi again,

I guess I got the answer to my question now when I got the definition tables from Liselotte.

The rule ord 499D001900 is not the second last but third last in EST2014PR1eF. The second last is 499D999999 and it concerns tracheostomy.

499D001900 477 Harv diagnoosi ja muu operatsiooni kombinatsioon

499D999999 483 Traheestoomia

999D002 470 Ei grupeeru

I think it is not correct and should correct once again so that the order of last three ord were as follows:

499D999999 483 Traheestoomia

499D001900 477 Harv diagnoosi ja muu operatsiooni kombinatsioon

999D002 470 Ei grupeeru

Could you confirm it Martti, please. I don't see it could be other way around.

It also means we need new update...

Thanks

Kristiina
